Tuition Fees

- Tuition is collected on a sliding scale model for the monthly amounts of **$725--$1200 per child**.
- Tuition is due by the 25th of the previous month. A deposit of one month is due at the time of enrollment and will be applied to the final month of the academic year.
- We operate on a ten month academic/financial calendar.
- In order to operate a robust Montessori program, we rely on a certain number of families committing to paying the maximum of our scaled tuition. Please consider being one of these families.
- With our sliding scale model, we do NOT offer sibling or any other tuition discounts.
- Families in need of reduced tuition (below $725/month) will be considered after our quota of full tuition families is met. This is necessitated by our operating budget.
- More information on tuition, payments, and reduced tuition will be offered at your enrollment conference.
